- TERMS OF OFFER -

General

1. These Farrells / Copper Jax T/A Farrell Fabrications Limited Terms and Conditions shall be incorporated as a document forming part of the Order issued by the customer. In the event of any conflict between the customer's order and these Terms and Conditions, these Terms and Conditions shall take precedence.

Quotation

2. All prices are nett and exclusive of VAT unless exempt.

3. Unless specifically stated, the quotation does not include for provision of power, access control equipment or cabling.

4. The sizes stated in the quotation are approximate only and subject to site survey of finished openings prior to production of drawings and fabrication works commencing. Where site surveys are not feasible, dimensions provided by the client which differ from on site sizes, preventing Copper Jax / Farrells T/A Farrell Fabrications Limited from completing installation of works, Copper Jax / Farrells T/A Farrell Fabrications Limited will not be held responsible for any consequential rectification costs arising.

5. We require our quotation to be incorporated into an agreed order, with a Purchase order number or written email confirmation, before any associated order processing can commence.

6. Copper Jax / Farrells T/A Farrell Fabrications Limited reserve the right to amend the quotation value preceding the fixed price period stated in the quotation to reflect changes in material costs. Longer fixed terms are available on request and will be stated in the quotation if applicable.

7. It is the responsibility of the customer to check the details of the quotation to ensure the offer is compliant with the specification / requirements of the main contract.

Installation

9. Unless stated otherwise, the following works are not included as part of the quotation:

9.1. Builders work or making good after install.

9.2. Silicone /mastic works back to structural openings on any new build projects.

9.3. EPDM and metal flashings.

9.4. Electrical connections and mains power to electric strikes, locks, magnetic locks and intercom panels. Deemed to be contracted by others.

9.5. Commissioning of automated closers and safety sensors.

10. Supply and install quotations assume that all structural openings are fully prepared and structurally sound to Copper Jax / Farrells T/A Farrell Fabrications Limited framework. Standard metsec / stud partitioning systems will not be accepted as a suitable substrate to fix units

manufactured Copper Jax / Farrells T/A Farrell Fabrications Limited

11. Craneage, forklift / heavy lifting equipment, full access and power facilities will be provided at no cost to Copper Jax / Farrells T/A Farrell Fabrications Limited

12. Copper Jax / Farrells T/A Farrell Fabrications Limited have assumed installation of all units would be undertaken in a single continuous site visit. Additional site visits will be charged at £800.00 per van / team per visit unless agreed otherwise with an additional quotation.

13. Unless agreed otherwise, delayed visits for installation of / No Security or / aborted visits and will be charged at £800.00 per van / team to the client.

14. If openings are not fully prepared and ready to receive our units upon arrival on site, Premier Security Ballistic & Blast Ltd hold the right to abort the installation with a fee of £800.00 per van / team to be charged.

15. Unless stated otherwise, reasonable protection of newly installed unit(s) will be done by others. Any damage caused to the unit(s) with reasonable protection will not be Copper Jax / Farrells T/A Farrell Fabrications Limited responsibility.

16. All newly installed unit(s) will be photographed and documented at each stage of the installation. If a signed approval from a responsible person of the client is not available on site, Copper Jax / Farrells T/A Farrell Fabrications Limited will send a digital version of the photographs and

installation documents to be signed by the responsible person of the client. If a signed approval is not received from the responsible person of the client by the end of the following working day after the installation date, Copper Jax / Farrells T/A Farrell Fabrications Limited will assume the installed unit has been formally approved.

Payment and Contract Terms

17. Payment terms are subject to credit checks which shall be carried out prior to acceptance of order. Pro forma invoices may be issued at Copper Jax / Farrells T/A Farrell Fabrications Limited discretion.

18. Copper Jax / Farrells T/A Farrell Fabrications Limited reserves the right to revert to proforma payment terms during the course of the project if changes to the credit rating necessitate such an adjustment.
19. Payment is due at the date of invoice. The final date for payment is 30 days from the date of our invoice. We reserve the right to charge interest in accordance with the provisions of the Late Payment of Commercial Debts (interest) Act on invoices which are not paid within 30 days of the date of invoice.
20. Acceptance of L.A.D.'s or claims of consequential loss are not accepted unless previously agreed in writing by Copper Jax / Farrells T/A Farrell Fabrications Limited prior to acceptance of order.
21. All components / units supplied and installed by Copper Jax / Farrells T/A Farrell Fabrications Limited shall remain the property of Copper Jax / Farrells T/A Farrell Fabrications Limited until invoice has been paid in full. Should an invoice in respect of any units supplied and installed remain unpaid at the final date for payment, as set out at Clause 17, Copper Jax / Farrells T/A Farrell Fabrications Limited shall give a notice to this effect. If the said invoice remains unpaid upon the expiry of this seven-day period, we reserve the right to re-enter the site to remove and re-possess the installed units without further notice.
22. If the client wishes to cancel an order, all costs associated with carrying out the works and ordering of material, between the placement of order and cancellation date, by Copper Jax / Farrells T/A Farrell Fabrications Limited will be charged to the client.
23. We never will sell, purchase, provide, exchange or in any other manner disclose Account or Transaction data, or personal information of or about a Cardholder to anyone, except, it's Acquirer, Visa/Mastercard Corporations or in response to valid government demands.
24. We don't offer refund possibilities for our designed products and all purchases are final.

Design

25. Structural supporting steelwork or timber surrounds are excluded unless stated otherwise in the quotation. Unless stated otherwise, where manual door closers are quoted Copper Jax / Farrells T/A Farrell Fabrications Limited cannot guarantee an opening force of less than 30N, if this is required an automated door closer should be used in place of the manual closer and will need be notified to Premier prior to quotation being accepted or replaced as a variation to the order. Changing closers at a later date could impact the cost of the door and possibly any paint warranty.
26. If the scope of works is changed or needs to be re-designed, Copper Jax / Farrells T/A Farrell Fabrications Limited would require a written instruction for the variation and agreement in writing of our subsequent quotation for the varied works before commencing upon same.
27. When revisions are requested, up to three revisions per unit type may be carried out free of charge at Copper Jax / Farrells T/A Farrell Fabrications Limited discretion. Beyond three revisions per unit type, every subsequent revision will be charged at £200 per unit type.
28. Copper Jax / Farrells T/A Farrell Fabrications Limited will require confirmation and acceptance of our proposed details in the form of individual signed off drawings prior to fabrication works commencing.

Warranty and Guarantees

29. Any warranty given on products supplied by Copper Jax / Farrells T/A Farrell Fabrications Limited will immediately become void should repairs or adaptations be carried out by others to products supplied by Copper Jax / Farrells T/A Farrell Fabrications Limited
30. Unless agreed otherwise prior to acceptance of order, a guarantee period of 12 calendar months is offered to cover defects liability periods from the date of installation and not date of practical completion.

Delivery and Lead Time

31. All lead times stated in the quotation are for guidance only and should be confirmed in writing by Copper Jax / Farrells T/A Farrell Fabrications Limited based on factory loadings at the time of order. Copper Jax / Farrells T/A Farrell Fabrications Limited will endeavour to improve on lead times where possible.
32. Lead times may change due to sourcing of specialist raw materials in which case schedule will be adjusted at no penalty to Copper Jax / Farrells T/A Farrell Fabrications Limited

Quality and Inspection

33. Following formal inspection of installed unit(s), Copper Jax / Farrells T/A Farrell Fabrications Limited do not take responsibility for any damage caused by others post installation of units.
34. Following formal inspection and checks, faulty component(s) are to be replaced by Copper Jax / Farrells T/A Farrell Fabrications Limited at no extra cost. The replacement component will initially be paid in full by the client and immediately credited upon receipt of faulty component(s) to Copper Jax / Farrells T/A Farrell Fabrications Limited

35. For supply only contracts, Copper Jax / Farrells T/A Farrell Fabrications Limited can install replacement component(s) at a cost provided through an additional quotation.
